

CITY SHAKEN AGAIN.

San Francisco Woman Killed by Chimney Topped by Earthquake.

NORMAL ORDER IS RESTORED

So-called "Citizens' Committees," Who Have Caused Much Trouble, Suppressed by Mayor Schmitz—The Water Service Still Crippled.

San Francisco April 26.—Another earthquake shock toppled several tottering walls and cracked chimneys left by the severe shock of last Wednesday and the fire that followed and killed one woman in her home. The shock was not severe but the partly wrecked condition of walls and chimneys resulted in the falling of some masonry. The shock was barely perceptible in Oakland and vicinity and was not felt far from San Francisco.

The earthquake caused the death of Mrs. Annie Whitaker, 45 years old, who was at work in the kitchen of her home on "S" street in the 3300 block at 10:15 when the shock came. The chimney which had been left in a tottering condition by the heavy quake of Wednesday crashed through her roof on the woman and fractured her skull. Her body was taken to the morgue in the Portsmouth square and a burial at Mount Auburn Hill cemetery. Quake Causes Little Excitement.

The quake caused slight excitement of short duration among many persons who have been brought to the verge of excitement by the awful feelings of the last week but quietude was soon restored. Now that the most important duty has been performed by the United States army, which has been given the task of the reconstruction of the city, the attention of the people is turned to the reconstruction of the city. The reconstruction of the city is a task of great importance and the people are anxious to see it done.

Street cars are not in use for this morning and electric lights will be turned on this evening. The work of rebuilding and improving the city is a task of great importance and the people are anxious to see it done.

City Returns at Nightfall.

San Francisco April 26.—At nightfall the city returned to its normal condition. The earthquake shock of last Wednesday was not severe but the partly wrecked condition of walls and chimneys resulted in the falling of some masonry. The shock was barely perceptible in Oakland and vicinity and was not felt far from San Francisco.

The state militia is not been with the city, notwithstanding the requests from the mayor and from the citizens.

executive committee. Gov. Pardee has not met with the executive committee with the heads of the military and civil authorities at Fort Mason. He has next word in explanation of his absence that he has been advised too late to reach the meeting.

Militia Made Their Own Law. It appears that as a rule, members of the militia have had a misapprehension of the conditions in San Francisco. They have acted as though martial law were in force and that it was the duty to maintain the status of the city according to their individual conception of that law. Since they have been confined to a limited area however, and the conditions have been explained to them there has been less complaint from citizens.

There is nothing in praise for the work of the United States army, the navy and the police. They have acted with tenor at all times. Marines are used in a large way for patrol duty and they have maintained the best of order without one instance of conflict with anybody. The direction of the municipal police under Mayor Schmitz and Chief Dineen has been excellent and many of the people's relations that could be of the work of these men during the last week.

Wherever any civil loss are satisfactory. Probably there has been less victims at the present time than any of the other cities and this may be attributed to the fact that the people have been sheltered, fed and directed by army officers.

The president's proclamation has had a cheering effect. The local finance committee and the Red Cross are acting together and the work of relief is continuing in a systematic manner. A force of expert accountants has been engaged, an auditing and supervising committee appointed and every effort contributed will be recognized.

Wages Will Not Be Increased. "The San Francisco labor council" on behalf of its 100 affiliated unions has announced that wages will remain the same as before the earthquake. The council is now believed that in San Francisco the prices of life are not as high as in other cities. The council is now believed that in San Francisco the prices of life are not as high as in other cities.

OHIOPILE. Notes from the Little Mountain Record. Ohiopile April 26.—The Board of Health met at the city hall this morning and discussed the health of the city. The board is now believed that in San Francisco the prices of life are not as high as in other cities.

Street cars are not in use for this morning and electric lights will be turned on this evening. The work of rebuilding and improving the city is a task of great importance and the people are anxious to see it done.

City Returns at Nightfall.

San Francisco April 26.—At nightfall the city returned to its normal condition. The earthquake shock of last Wednesday was not severe but the partly wrecked condition of walls and chimneys resulted in the falling of some masonry. The state militia is not been with the city, notwithstanding the requests from the mayor and from the citizens.

PERRY HIGH SCHOOL COMMENCEMENT

On Tuesday Evening Reflected Much Credit on Class

OF TEN BRIGHT BOYS AND GIRLS

Most Successful High School Term Comes to a Close with Appropriate Exercises—Class Members Acquitted Themselves in Pleading Manner

Special to The Courier.—Perryopolis April 26.—The most successful high school term in the history of Perryopolis closed on Tuesday evening in the high school gymnasium when the class of 1914 of the Perry township high school gave their annual commencement exercises. The class consisted of ten bright boys and girls and their exercises were of a high order. The exercises were presided over by the principal, Mr. J. W. Dutton, and the exercises were of a high order.

The exercises were presided over by the principal, Mr. J. W. Dutton, and the exercises were of a high order. The exercises were presided over by the principal, Mr. J. W. Dutton, and the exercises were of a high order.

DON'T FURNISH YOUR HOME ON THE SPUR OF THE MOMENT

Take your time about it when you are selecting an outfit for that new home of yours. Hasty buying may lead to vain regrets even when you select from such a perfect stock as ours—because you might buy something you would not need. Try our suggestion. Here it is:—Come to our new six story store home and pick out what you THINK you will want. Have us lay it aside until the new home is ready for you to occupy. Maybe you won't want the goods delivered for a month or two. In the meantime you may find you have left something off your list or put something on that you won't need. All you have to do is to let us know and we'll make the change cheerfully and without a smile.

Of course we don't charge extra for this; it is merely another way of proving that we want to do the best we can for you—for that's the way we have built up our business year after year until a large new store became necessary.

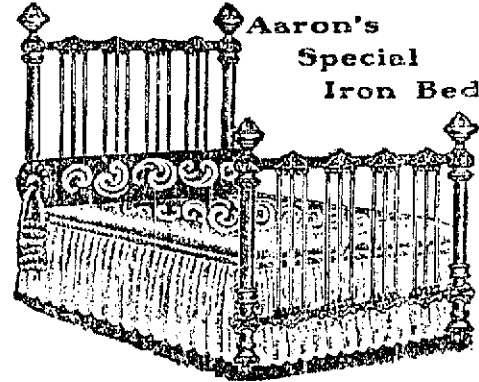

If it isn't convenient to pay cash, don't worry about it; pay us as you please; you will find we are easy to deal with; plain human beings and not grasping.

STORE NEWS.—We have been asked how trade has been in the new six story store home. We have a rather surprising answer. For in spite of the enormous amount of furniture and carpets sold during our Removal Sale and the subsequent great sale during our auction, we HAVE DONE MORE BUSINESS IN THE SHORT TIME OUR NEW STORE HAS BEEN OPENED THAN IN ANY SIMILAR PERIOD OF TIME IN OUR HISTORY. THIS PROVES THAT CONNELLSVILLE IS WITH US HEART AND SOUL.

News From the Upper Yough Region.

CONFLUENCE.

Interesting items from Somerset County's bustling town.

Confidence, April 25.—Constable J. K. Shaw left for Somerset today.

Pat Mule of Lower Turkeyfoot township went to Holsapple, where he is employed laying ties for train roads.

The Washburn engineers are driving stakes through John Reid's farm today.

J. Matthews of Markleysburg passed through Confluence today on his way home from the East, where he has been looking after business matters.

Bad Switzer of Markleysburg, who has been ill for several weeks, is no better.

Pat Barnworth of Confluenceville was a visitor in town today.

Rev. James Miller of Cumberland, formerly of Markleysburg, stopped off between trains today.

Alvin Thomas left today for Dawson to see his sister-in-law, who is ill.

Hon. J. W. Endsley passed through Confluence today on his way home from Somerset.

Mrs. James Swan of South Connellsville, with her two boys, arrived today and will visit her mother-in-law, Mrs. Agnes Swan.

J. P. Cuppet of Glade Farms is calling on his uncle, Jerry Fisher, and will remain in town a few days.

G. T. Griffin of Friendsville, Md., is a guest at the Dadds House today.

Charles Marquart of Rochester, Pa., is stopping at the Dadds House for a few days.

Mrs. John Fisher, who has been very ill for several weeks, is still confined to her room.

Ralph Bailey was able to be down town yesterday.

H. R. Weisner, the cross tie man, went to Johnstown today.

Mother Pancost went to Somerset to attend to some business matters today.

J. C. Bailey left today for Uniontown.

Robert Augustine, County Commissioner of Somerset county, passed through town today on his way home at Somerset.

Rev. David Flanagan of West End, Pittsburgh, who was quite ill at the home of Mrs. Amy Tissue yesterday, is much better today.

L. W. Wolfe, the B. & O. water man, and J. E. Conigher, the big engineer, were out fishing yesterday in Laurel creek. J. E. says he got eight pounds of suckers and was well pleased.

Read The Daily Courier.

The mad dog that bit Malon Knox yesterday has not yet been killed, but is running at large.

ROCKWOOD.

Bright Paragraphs from the Big Somerset County Borough.

Rockwood, April 25.—Ernest Hartzell, who continues to reside at this place, although his parents moved to Hyndman several weeks ago, received word of Tuesday that his brother, Harry Hartzell, of Cleveland, O., was killed in that city on Tuesday.

It seems that the young man had been riding on a crowded street car and in some manner was pushed off, or accidentally fell off, and sustained injuries which later ended in his death.

The young man was the oldest son of Mr. and Mrs. C. H. Hartzell, who until recently were residents of this place. His body was taken to the home of his parents in Hyndman yesterday on train No. 11. He will be buried today.

A small freight wreck occurred on Tuesday night in the yards at Queensbury Junction. The engine of the right shifting engine, and some cars which caused the breaking of some steam pipes on the engine.

Fireman C. A. Sellers was severely scalded and had both legs crushed.

Andrew Schenck, proprietor of the Schenck House at Confluence, was in town between trains yesterday.

G. F. Barclay's household goods were shipped yesterday to Everson where he will make his home. His family went to Somerset, where they will visit a few days before joining their husband and father at Everson.

Mrs. E. W. Sellers and children of Morgan own, W. Va., are visiting Mrs. Sellers' sister, Mrs. A. J. Furling.

The J. L. Tempest Dramatic Club will play here in Wolf's Opera House on Thursday, Friday and Saturday nights of this week.

It is understood that D. C. Scott of Meyersdale intends to have a new building built on his lot on Main street which he purchased some time ago from E. D. Miller.

WANTS \$30,000 DAMAGES.

Accident to George Orbin Leads to a Big Damage Suit.

George Orbin, Jr., by his father and next friend, George Orbin, Sr., and the latter in his own right, have sued the Erie and Ohio Company to recover \$30,000 damages. The boy is 16 years old and until recently was employed as a brakeman at the Kelleysburg station of the Pennsylvania Railroad.

While about to board a train of the Erie and Ohio Company on Tuesday last March, for the purpose of setting the brakes, he stumbled into a ditch that had been dug under the tracks and as a consequence was thrown beneath the wheels of the cars. An arm was taken off, besides a number of other bad injuries. Of the amount asked for \$25,000 is for the boy and the remainder for the father. Attorneys Howard and Patterson have prepared the papers for the Orbins.

PENNSY'S WATER SYSTEM.

May Not Be Extended to Philadelphia for Five Years.

From official sources, it is learned that the Pennsylvania Railroad Company does not expect to have the big pipe line from Pittsburgh through Greensburg to Philadelphia completed within less than five years from the time of starting, or about the fall of 1905. This water system is the greatest ever undertaken by a railroad corporation.

The construction of the reservoirs on the Pittsburgh Division have already been described. By fall, according to the expectations of the company, the line will have been sufficiently finished to provide against a serious water famine between Greensburg, Johnstown and Harrisburg.

An official of the Pennsylvania company said that another track might have been added to the main line from Pittsburgh to New York at less cost than that of the pipe line, as the total cost of the present pipe line project, it is said, will exceed \$15,000,000. Over 100 streams have been appropriated by the company and by its subsidiary concerns which have the building of the pipe line in charge.

Water will be pumped over the Allegheny mountains to provide part of the supply for the Altoona shops and gravity will carry the water from some of the mountain reservoirs to Harrisburg. Work in the Greensburg section is progressing rapidly, but the work on the middle division will not begin before next year.

LAST RAILS LAID

Connecting the Ligonier Valley Railroad with Somerset.

Somerset, April 25.—The Pittsburgh, Westmoreland & Somerset railroad is now a reality, the last rails connecting the Ligonier Valley with Somerset having been placed within the week.

and during the coming few days connection will be made with the Somerset & Cambria, a few yards north of the building of the pipe line in charge.

Material is being delivered to the station and freight shed, which will be erected at the north end of Main Cross street.

Considerable work remains to be done at the Queensbury tunnel before locomotives of regular type can pass through, and more or less track straightening and ballasting is yet to be done.

The object of the project, Westmoreland & Somerset have in view is to carefully guard, but the fact that 30 pound rails have been placed on the section absorbed from the old South Pennsylvania, while steel of lighter weight has been used from the end to Somerset and from Zanesville to the center has led to a report that the road will be pushed through to Harrisburg, Md., where connection will be made with Gould's Western Maryland, and the B. & O. for a low grade line to Versailles, Pa.

Letter to S. S. Snader, Connellsville, Pa.

Dear Sir: Some think we take a good deal of risk in inviting complaints of Devoe, Lealand & Co. to authorize our agent to sell in their name.

If you have any fault to find with this paper, either now in putting it on, or hereafter in the year, tell your dealer about it.

We authorize him to do what is right at our expense.

The following story tells how little the risk is:

J. H. Asher & Co., hardware dealers, Rhinebeck, N. Y., have sold Devoe from '76 to now, have sold thousands of gallons and have had just one complaint in all this time.

Three miles of a house were perfect; the fourth was as bad as the three were good.

Explanation: It rained the night before the fourth side was painted; and the painters didn't wait for the wood to dry.

What is done in such a case? Whatever the dealer, who sold the paint, considers it fair to do. We leave it to him. He may not do exactly what we should do if we were there; but we do not care. The best we can do is to leave it to him.

Very truly,
P. DEVOE & CO.

Fayette Lumber Company sell our paint.

Increased Working Time.

The Pennsylvania Railroad Company increased the working time of the men employed by the maintenance of way department in the Altoona, Pa., yard from 9 to 16 hours a day. A thousand men will be affected by the advance in working time.

Bank Money Orders.

The cheapest, quickest and safest way to send money anywhere is to buy a Bank Money Order from this bank.

They are issued in any amount and will be cashed by any bank in the United States.

They are accepted everywhere by merchants and business men as cash.

They cost less than Postoffice and Express Money Orders and there is no application to fill out or red tape of any kind to go through when you buy them.

They are absolutely safe and are always worth their full face.

The next time you have money to send anywhere, don't fail to buy a Bank Money Order. You'll find it a distinct advantage to do so.

Your home is hardly complete without a chiffonier. You cannot appreciate their value until you have one. While they add beauty to your room, they are more than useful. See our line of solid quarter-sawn oak chiffoniers, some four drawers and some with hat compartments and with large dressing mirrors on top. See them as low as

\$4.75

YOU CAN DO BETTER AT ROSENBLUM'S

Rosenblum Furniture Co.

THINK IT OVER!

and to the "Chaffers in Doughnuts" you will receive a copy of a booklet "What Might Have Been" if you will send us a dollar bill.

It is a booklet that will tell you the story of the bank's growth and its ability to meet its obligations.
